## PREFACE

This *Index to Proceedings* of the fifth regular session of the General Assembly is one in a series of bibliographical guides to the discussion and documentation of the sessions of the General Assembly, the Economic and Social Council, and the Trusteeship Council. These appear in the *Bibliographical Series* of the United Nations Headquarters Library. They continue the mimeographed documents entitled *Disposition of Agenda Items*, a number of which have been published in series A/INF, E/INF, and T/INF. The decision to publish these indexes in this new form was based upon the demonstrated usefulness of the earlier mimeographed versions.

Future indexes in the *Bibliographical Series* will cover the subsequent sessions of the above-mentioned organs.

## EXPLANATORY NOTE

### 1. *Check list of meetings (part A)*

The check list of meetings includes meeting numbers, dates of meetings, publication of the records, and relevant United Nations press releases for the plenary meetings of the fifth session of the General Assembly and the meetings of all its subordinate bodies.

### 2. *Agenda (part B)*

The items on the agenda of the fifth session of the General Assembly are listed in part B, with references to the relevant subject headings used in part C.

### 3. *Subject index (part C)*

The subjects dealt with during the session are arranged alphabetically in the subject index. In this index will be found, under appropriate subject headings, references to the documentation, discussion, and to the disposition of each item. The agenda item number is indicated in parenthesis following the subject heading.

### 4. *Index to speeches (part D)*

Speeches made by representatives to the fifth session of the General Assembly and its subordinate bodies are contained in part D. The index is arranged in alphabetical order by countries, and within each country by subjects discussed and names of the speakers, with the indication of the plenary or committee meetings. Meetings are identified by the word "Plenary" or a number (roman) or letter abbreviation for the Committee, followed by the meeting number in arabic.

### 5. *Official Records*

All the verbatim records of plenary meetings of the General Assembly and the summary records of committee meetings first appear in mimeographed form and are later printed as separate fascicules in the *Official Records* of the session. Of the other documents, some appear initially as printed supplements to the *Official Records*—a fact always indicated in this index—but all the rest are first issued in mimeographed form. Most of them have since been printed in the annexes to the *Official Records*, where they are grouped into fascicules according to agenda item numbers. The resolutions adopted by the General Assembly, which have first been issued in mimeographed form, have been collected in the printed Supplement No. 20 to the *Official Records* of this session. Since their republication in the *Official Records*, the provisional documents described above are no longer available in their mimeographed form.

The printed material concerning a specific item on the agenda of the fifth session of the General Assembly may easily be obtained after consulting this index and requesting :
